I would like start this months newsletter off by thanking everyone who has donated their time to make this another great year for our chapter. Without the support of local companies and chapter members we could not have made this chapter continue on as successful as it has been for so many years. It has been a great experience and I am honored to be recognized as our chapter president and leave my name in the ranks among all of the excellent past presidents.

Our last meeting was a Technical Tour at the UC Davis Brewery, Winery and Food Pilot Facility. The tour concluded with a private beer tasting with the world renowned Dr. Charlie Bamforth. It’s safe to say everyone had a great time learning about the LEED Platinum facility, and last but not least, discovering a few new things about the wonderful world of beer.

Looking ahead, our chapter officers were voted into their new positions at our April meeting. Kyle Deane is our incoming President, Anthony Gagliardi is President-Elect, Kevin Baldwin is our Secretary and John Say is our Treasurer. I have no hesitation in saying our chapter is in excellent hands and I would like to extend an early welcome to the new officers.

As with years past, our final event of the ASHRAE calendar year is the golf tournament. The tournament this year is held at Haggin-Oaks on Friday, June 12th. There are still available opportunities if you are interested in participating. All proceeds are donated to ASHRAE research.

Cheers and thanks again for the great year,
Karl Rapp

Greetings:
As Historian, I believe it is important that we document and recognize the commitment of our dedicated board members. These loyal volunteers are why our chapter has had a successful charter dating back to 1952 which is no small feat. It is my goal to memorialize each of our past presidents for future ASHRAE members and I need your support to achieve this goal.

In 2012, as part of our 60th year anniversary, a campaign was started to honor each past president. The intent was to create a photo tribute to share with our members at the Past Presidents meeting in April. It truly was a group effort and we were able to gather almost half of the photos needed.

Now two years later, I would like to complete what we started and once again I need our members support. I have created a list of whose photo we have on file and who we still need. If you have access to a photo and are willing to share please email me at jgarcia@lhairco.com. I can make arrangements to pick up the photo, scan it and return it if that is what’s needed.

Let’s make this happen!!

Regards,
Jake Garcia
Historian

THE BENEFITS OF MEMBERSHIP

- ASHRAE Handbook – this reference manual is the most widely cited reference for HVAC&R technology in the world. Each year one of the four volume Handbooks is updated and delivered to members to add to their library and knowledge base.
- ASHRAE Journal – a monthly magazine that brings current trends and information to your desk in your choice of print or digital format.
- ASHRAE E-newsletter – delivered to your desk in print and digital form, these publication help you keep on top of what is going on in the Society and the industry, all over the world.
- Discounts – on ASHRAE publications – ASHRAE members earn 15% off publications through the ASHRAE website at www.ashrae.org/bookstore. More than 300 titles are available including the ASHRAE standards.
- Chapter Meetings – ASHRAE chapters convene for an informational program featuring speakers and topics key to professionals in the industry. Also, an excellent opportunity to network with your peers.
- Become an Industry Leader - Develop leadership skills, work with and lead ASHRAE committee members, and network with industry professionals at ASHRAE chapter, region, and society meetings.
- Advance your Career - Look for employees & employment at ashraejobs.com and network with other HVAC&R professionals at ASHRAE meetings, participate in job postings, maintain your professional education and designation with 40+ courses, earning CEUs/PDHS/AIA LUs, and explore technical topics at ASHRAE chapter, region and society meetings.
- Protect Yourself Through Insurance - If you’re in the market for insurance, keep in mind that ASHRAE members have access to a variety of plans through March U.S. Consumer.
The ASHRAE Research Strategic Plan for 2010-2015 consists of 11 strategic goals that were chosen to address technical challenges that limit our ability to maximize building performance, energy efficiency and indoor environmental quality while minimizing our impact on the environment. Meeting any of the 11 strategic goals will require coordinated effort among multiple technical committees.

Please help the Sacramento Valley Chapter achieve our 2013-2014 goals and contribute today. Every dollar donated to research is used toward research goals.

You can make a difference.

Donations can be completed online at: https://xp20.ashrae.org/secure/researchpromotion/rp.html

This is found at www.ashrae.org. From the ASHRAE home page, click on Standards, Research & Technology, click on Research, click on Research Promotion and click Online Contribution Form.

Donations can be submitted along with completed form to:
