Next Event: Wednesday, Oct. 19th - 3:00 P.M
Coon Creek Trap & Skeet
5393 Waltz Road
Lincoln, CA 95648

Chapter Members,

Once again, we are going start our ASHRAE 2011/12 with a bang. We are holding our third annual Shooting for Students event on October 19th starting at 3:00 PM. For those of you able to attend our previous events, you know this event to be a great time with friends and colleagues. Building on previous success, we have made several changes to cater to spectators and teams.

New For This Year:
Location: This Year’s event will be held at Coon Creek Trap and Skeet in Lincoln, CA. Please see attached flyer for directions to the event.

Other Items of Interest:
High Score: For the last two years, our high score has only been at 37 birds.
Dinner: We are going to fire up the grill to serve great tasting BBQ.
Spectators: Have no interest in shooting? No Problem! This year we have nominal charge for spectators to come out and enjoy the event without having to shoot. Please remember to bring a pair of glasses, sunglasses, or safety glasses.

With that being said, please see the attached flyer and entry form. We are also looking for ~7 non-shooters that are willing to volunteer for the event. The volunteers will be needed to run the grill, help with check-in, and help with score keeping on the fields. Please contact Jeffrey Jerwers Jeffrey.d.jerwers@jci or 916.294.8862 if you are interested in volunteering or have any questions regarding the event.

Frequently Asked Questions:
Will the event be fun? Yes, This event is going to be crazy awesome!
Do I need to provide my own shotgun? Yes, unfortunately the new venue does not have rental guns available. It is possible for two shooters to share a gun, but we will need the two shooters on different teams.

Do I need to bring my own Ammo? What type of Ammo do I need? No, Ammo is included with your entry fee. We will have both 12Ga. and 20Ga. Trap loads for the event.

Did Jake Garcia really only shoot a 4 last year’s event? No - this is not true. After only shooting a 4 in the 2009 trap shoot, Jake chose to volunteer for the 2010 trap shoot. He did earn a spot on a limited edition ASHRAE series commemorative beer stein and asked that we release 50 clays to the wild in his name. What a humanitarian.
Greetings Sacramento Valley ASHRAE Chapter members. I am very much excited to kick off another great year. Jake and I just got back from Scottsdale, Az for our Chapter Regional Conference. There’s something screwy with ASHRAE, we have our summer conferences in Arizona, and our winter meeting this year will be in Chicago. Aren’t we supposed to be experts in thermal comfort?

I’d like to thank the board this year, we’ve had our first meeting and I think we’re all very lucky to have these guys helping out. Our board this year is filled by the following members:

President Elect: Jake Garcia
Secretary: Dean Schouweiler
Treasurer: Karl Rapp
CTTC: Kyle Deane
MP: Eric Synhorst
Historian: Matthew Warriner
RP: Kevin Stillman and Jeffery Jerwers

I’m really looking forward to serving you guys with these fine gentleman. We still have a few chair positions open. I’m still looking for someone to fill in as Student Activities Chair, Golf Chair, Newsletter Chair and I’d like to find someone to fill a new position of Young Engineers in ASHRAE (YEA) chair. If you’re at all interested in any of these positions or have any questions please call or email me, I’d love to have your help.

Our first event of the year will be our 3rd annual trap shoot. Jeffery has been working diligently to put this together and I know this will be the best yet. If you’re not a shooter, don’t sweat it. Come out anyway, enjoy some BBQ and support ASHRAE. If you’re planning on attending please sign up ASAP as we’re trying to get an accurate headcount for dinner.

If there is anything else you guys would like to see happen this year, or have any great ideas please let me know. I’m open to just about anything. Let’s remember this is our chapter and we all get out of it what we put into it.

Kind Regards,

Adam Davis
