PRESIDENT'S MESSAGE

As we transition past the holiday period and move on into the new year (praying for rain/snow of course), we are officially at the mid-point of the ASHRAE calendar year. We have most of the rest of the year planned and it is looking like we have some great speakers and events lined up.

Our next scheduled dinner meeting is February 4th at Cattleman's. Our guest speaker for the month is Paul Rauker from the Daikin Applied Americas Inc company with a presentation titled "Internet of Things and how the HVAC Industry will change forever!" which covers how the internet affects our industry.

Also, Jake our chapter Historian is still actively looking for past president photos. Please see page 4 of the newsletter and see if you can help Jake out with locating these pictures or any leads.

Lastly, we are currently accepting student scholarship applications for our local chapter scholarship. If you know of any students local to our area and interested in our industry please contact Kevin Kinsella to discuss the details.

Sincerely,

Karl Rapp

ASHRAE REGION X NEWS

ASHRAE decided to hold an HVAC training on the West Coast to allow us to take advantage of this great program. This is the only time in the year that we will be able to have such a training, all the other ones are scheduled on the East Coast or Mid West. Dates are Feb 9-13th so act quick if interested!

For more info please visit the ASHRAE.org website link:

<https://ashrae.org/education--certification/hvac-design-training/los-angeles-hvac-design-training-february-2015>

MEETING GUEST SPEAKER

PAUL J. RAUKER
Vice President/GM
Systems & Controls
Daikin Applied Americas Inc

Bio:

Paul joined as the Vice President/GM of the Systems & Controls business in September, 2013. Prior to joining Daikin Applied, Paul was the Environmental & Combustion Controls Director of Strategic Marketing for Honeywell. Paul was a key member in creating and driving a new connected home strategy within the Homes business. Paul also held various general management positions within Honeywell and 3M where he lead the turnaround of product lines via new focused strategy and accelerated new product development. Paul started his career in 1992 with Ernst & Young of Boston. Paul is a 1992 graduate of the University of Massachusetts at Dartmouth with a B.S. in Accounting.

Topic: Internet of Things and how the HVAC Industry will change forever!

The Internet of Things...the Internet of Everything...we have seen what the internet has done to the consumer world but what is it doing to the Industrial world?...A LOT!! Increasing communication, efficiency, production, sales, customer service...but how does the "Internet of Things" really do this? Come to this session and find out how and why "Internet of Things" can benefit you!

MESSAGE FROM HISTORIAN

Greetings:

As Historian, I believe it is important that we document and recognize the commitment of our dedicated board members. These loyal volunteers are why our chapter has had a successful charter dating back to 1952 which is no small feat. It is my goal to memorialize each of our past presidents for future ASHRAE members and I need your support to achieve this goal.

In 2012, as part of our 60th year anniversary, a campaign was started to honor each past president. The intent was to create a photo tribute to share with our members at the Past Presidents meeting in April. It truly was a group effort and we were able to gather almost half of the photos needed.

Now two years later, I would like to complete what we started and once again I need our members support. I have created a list of whose photo we have on file and who we still need. If you have access to a photo and are willing to share please email me at jgarcia@lhairco.com. I can make arrangements to pick up the photo, scan it and return it if that is what's needed.

Missing Photo List

Name		Term		Name		Term
Lester	O'Meara	1952 - 1953		Larry	Kent	1974 - 1975
Ellis C.	McKinsey	1953 - 1954		John	Tait	1975 - 1976
James E.	Marshall	1954 - 1955		Wayne	Wagner	1976 - 1977
Robert A.	Sarro	1955 - 1956		Jack	Clark	1977 - 1978
Vern W.	Thornburg	1956 - 1957		Leroy	Peters	1978 - 1979
Marlin J.	Delevan	1957 - 1958		Al	Cepel	1979 - 1980
James A.	White	1958 - 1959		Ed	Rios	1980 - 1981
R.T.	Andrews	1959 - 1960		Tom	Will	1981 - 1982
Walter B.	Landers	1960 - 1961		Jim	Appel	1982 - 1983
Leonard S.	Stecher	1961 - 1962		Duke	McAlpine	1983 - 1984
John R.	Handy	1962 - 1963		Len	Rea	1985 - 1986
Maurice	Laks	1963 - 1964		Carl	Nelson	1986 - 1987
Dan	Yoshpe	1964 - 1965		Bruce	Baker	1987 - 1988
Kennthe H.	Ainsworth	1966 - 1967		Robert	Bellizzi	1988 - 1989
Josepy W.	Clancy	1967 - 1968		Bob	Beyer	1991 - 1992
Robert W.	Wilkerson	1970 - 1971		Bruce	Vincent	1996 - 1997
Harold H.	Yackey	1971 - 1972		Terry	Crawford	2003 - 2004
William H.	Lodewyck	1972 - 1973		Steve	Zagyi	2006 - 2007
Paul	Anderson	1973 - 1974				

Let's make this happen!!

Regards,
Jake Garcia
Historian

JOIN ASHRAE

ASHRAE MISSION

To advance the arts and sciences of heating, ventilating, air conditioning and refrigerating to serve humanity and promote a sustainable world.

WHY JOIN?

ASHRAE members bring the world of ours together through the exchange of technical information, writing of standards and through committee work and networking. When you join ASHRAE, you are making an investment in yourself. When you become active in the Society by giving your time and sharing your knowledge, you get even more out of that in-

THE BENEFITS OF MEMBERSHIP

- ASHRAE Handbook – this reference manual is the most widely cited reference for HVAC&R technology in the world. Each year one of the four volume Handbooks is updated and delivered to members to add to their library and knowledge base
- ASHRAE Journal – a monthly magazine that brings current trends and information to your desk in your choice of print or digital format
- ASHRAE E-newsletter – delivered to your desk in print and digital form, these publication help you keep on top of what is going on in the Society and the industry, all over the world
- Discounts – on ASHRAE publications – ASHRAE members earn 15% off publications through the ASHRAE website at www.ashrae.org/bookstore. More than 300 titles are available including the ASHRAE standards
- Chapter Meetings – ASHRAE chapters convene for an informational program featuring speakers and topics key to professionals in the industry. Also, an excellent opportunity to network with your peers
- Become an Industry Leader - Develop leadership skills, work with and lead ASHRAE committee members, and network with industry professionals at ASHRAE chapter, region, and society meetings
- Advance your Career - Look for employees & employment at ashraejobs.com and network with other HVAC&R professionals at ASHRAE meetings, participate in job postings, maintain your professional education and designation with 40+ courses, earning CEUs/PDHs/AIA LUs, and explore technical topics at ASHRAE chapter, region and society meetings
- Protect Yourself Through Insurance - If you're in the market for insurance, keep in mind that ASHRAE members have access to a variety of plans through March U.S. Consumer

ASHRAE RESEARCH

The ASHRAE Research Strategic Plan for 2010-2015 consists of 11 strategic goals that were chosen to address technical challenges that limit our ability to maximize building performance, energy efficiency and indoor environmental quality while minimizing our impact on the environment. Meeting any of the 11 strategic goals will require coordinated effort among multiple technical committees.

Please help the Sacramento Valley Chapter achieve our 2013-2014 goals and contribute today. Every dollar donated to research is used toward research goals.

You can make a difference.

Donations can be completed online at:
<https://xp20.ashrae.org/secure/researchpromotion/rp.html>

This is found at www.ashrae.org. From the ASHRAE home page, click on *Standards, Research & Technology*, click on *Research*, click on *Research Promotion* and click *Online Contribution Form*.

Donations can be submitted along with completed form to:
